Building Permit 2024-11, 44 Circle was approved pending review of contractor plans (replacement of existing stairs and retaining wall for safety purposes).

Building Permit 2024-12, 25 Hill was approved based on Building Commissioner Tom Roberts' recommendation (roofing project).

ROADS: President Hawksworth shared that paving work will commence this spring, and updated on a change order with contractor Rieth-Riley. The original calculations included a 1.5" base. Additional funds will come from the Motor Vehicle Highway allocation. The vote was unanimous in favor; motion passed.

SECURITY: Security Commissioner Lee McKinley noted that the Town continues to log of railroad blockages. The security team will potentially have multiple part-time openings this spring/summer. Residents are encouraged to share and recommend candidates for consideration. After some discussion, it was suggested that the Town temporarily close the Cowles Bog parking lot to determine whether this is a solution to easing visitor traffic along Mineral Springs Road and at security. It was moved and seconded to do this on a trial basis, the logistics of which will be further outlined. The vote was unanimous in favor; motion passed.
